

IX INTERNATIONAL PUNTO MEETING - - 21° Official Meeting-

27 GIUGNO 2010: Lungo lago di Garda (Verona)

The Punto Racing Club would like to invite everyone in the municipality of Garda (address: Largo Europa) for the eighth edition of the International Punto Meeting! For the benefit of the few remaining Europeans who have no idea what we are talking about, more than **150 FIAT Punto, Grande Punto and Grande Punto Abarth** from all over Italy will be participating. There will also be foreign friends visiting and representing clubs whose members are admirers of Italian cars, in particular of course fans of the Punto!

The massive presence of so many Punto united together would be enough to make this day unique, but besides this an **Aesthetics Competition, SPL with a total of over 30 Trophy Cups** will be also held!!! Naturally there will also be a lottery, water jokes and other many surprises!!!

This year we have decided to confront the past vs the present. What does this mean? There will be two car exhibition areas, **The Abarth Paddock and The GT Paddock**. The first will bring together all of the Grande Punto Abarth to represent the newly formed
